PROFILE

I Am Computer Science Engineering graduate with a strong foundation in frontend development and a keen eye for modern web design. Skilled in HTML, CSS, JavaScript, and frameworks like React.js and Tailwind CSS, with hands-on experience building responsive, user-centric interfaces. Passionate about creating clean, accessible UI and continuously improving through real-world projects. Looking for a Frontend Developer role where I can contribute to innovative web applications and grow as a part of a collaborative development team.

EXPERIENCE

MERN Stack Developer Intern

FAMEWEB – Faridabad, India
April 2025– Present

Project: **Techiepedia Dashboard – Student Course Platform (Completed)**

- Successfully developed a full-stack course platform for students using MongoDB, Express.js, React.js, and Node.js.
- Created a responsive and modern UI using React.js and Tailwind CSS.
- Integrated Firebase Authentication for secure login and Firebase Storage for managing video course content.
- Built and consumed REST APIs with Mongoose for seamless data operations.
- Currently contributing to new features and maintenance tasks on other internal projects.

PROJECTS

▪ Doctor Appointment Booking System 🔗

- The appointment booking system is designed for both doctors and hospitals, providing a comprehensive solution for managing patient appointments.
- Patients can log in to schedule and manage their appointments with ease through the first tier of authentication.
- Doctors have access to their own dashboard in the second tier, where they can review appointments, monitor earnings, and update their profiles.
- The Admin Dashboard serves as the third tier, enabling administrators to manage appointments and oversee doctor profiles efficiently.

SKILLS

- **Frontend:** HTML, CSS, JavaScript, React.js, Tailwind CSS
- **Backend:** Node.js, Express.js
- **Database:** MongoDB
- **Tools & Platforms:** Git, GitHub, Firebase, Vercel, Render
- **Other:** REST APIs, JWT Authentication, Responsive Web Design
- **Excel:** Understanding SUM, AVERAGE, COUNT, and IF statements, Conditional Formatting, etc.
